

Eco Youth Ministry Ideas

- Study and discuss the environment and global warming
- Pray for the earth and our stewardship of it
- Write your representatives to encourage “green” legislation
- Use Fair Trade products (coffee, palms, clothing, etc.)
- Use real dishes and silverware for youth group meals (or products made from recycled material)
- Recycle!
- Project instead of copy
- Make copies 2-sided
- Switch to Compact Fluorescent Bulbs in the church/youth room
- Utilize clean power options from your electric company
- Buy locally grown, fresh, organic foods when possible
- Stop playing games that waste food, paper, or other resources
- Carpool (or walk, if you can) to local events
- Adjust the thermostat a couple degrees
- Plant things and pick up trash
- Turn off devices when not in use
- Keep the church van’s engine tuned up and tires properly inflated
